ROAD SCHEME WAS ENDORSED

By The Good Roads Meeting At Louisville Last Week.

onstruct metal roads in less prossive counties. County Attorney C. Duffy, Judge Walter Knight nd Chas. E. Barker from Christian county opposed the scheme, but the rogram was put through as prered and a final draft of the threat d bill was ordered to be presented e next legislature.

John C. Duffy, of Christian county, opposed the measure, but asserted that he was in favor of good roads. He spoke in opposition to the 5 cent tax. He said that Christian county does not oppose the measure because of selfishiless, because the county would pay in about the same amount that it would receive.

He declared that there was need in Clarksville a few days ago. for county roads, but not state roads, and asserted that the latter are used only by the tramp, the Gypsy wagon or the touring car. He said that the turnpike is a convenience and not a necessity. He said that it was a taxation of the many for the benefit of a few.

He asserted that while it was claimed good roads make fer wealth and greater population, counties which have good roads have not gained in population, but on the other hand the mountain districts have gained in population.

about \$7,000. hundreds of thousands of dollars for ground yesterday. new roads, and that there no such eologi it is
